

M125 Ti

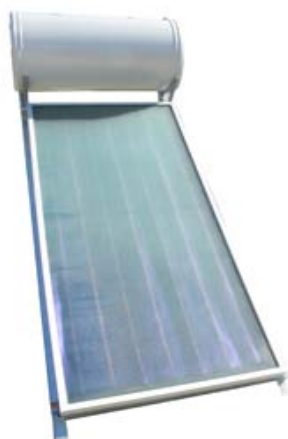

125 liters hot water solar system closed thermo siphon **bi-energy**

ITEM	DESCRIPTION	Nb.	UNITE
	Thermo siphon with FP1/Ti flat plate collectors		
1	Solar panel model FP (copper pipes with copper sheets, selective coating , ultrasonic welding, tempered glass, aluminum frame, aluminum back sheet, fiberglass insulation) factory tested. Dim 860*2000*75mm	1	U
	Supports & accessories		
1	Galvanized steel support for solar panel + accessories	1	U
	Tanks		
1	100 liters Hot water tank horizontal type, , polyurethane insulation with external powder painted casing, bi- energy model (solar + electrical)	1	U

M125 Ti

125 liters hot water solar system closed thermo siphon type **Triple energy**

ITEM	DESCRIPTION	Nb.	UNITE
	Thermo siphon with FP1/Ti flat plate collectors		
1	Solar panel model FP (copper pipes with copper sheets, selective coating , ultrasonic welding, tempered glass, aluminum frame, aluminum back sheet, fiberglass insulation) factory tested. Dim 860*2000*75mm	1	U
	Supports & accessories		
1	Galvanized steel support for solar panel + accessories	1	U
	Tanks		
1	100 liters Hot water tank horizontal type, , polyurethane insulation with external powder painted casing, triple energy model (solar+fuel+electrical)	1	U

M200 Ti

200 liters hot water solar system closed thermo siphon **bi-energy**

ITEM	DESCRIPTION	Nb.	UNITE
	Thermo siphon with FP1/Ti flat plate collectors		
1	Solar panel model FP (copper pipes with copper sheets, selective coating , ultrasonic welding, tempered glass, aluminum frame, aluminum back sheet, fiberglass insulation) factory tested. Dim 860*2000*75mm	2	U
	Supports & accessories		
1	Galvanized steel support for solar panel + accessories	2	U
	Tanks		
1	200 liters Hot water tank horizontal type, , polyurethane insulation with external powder painted casing, bi- energy model (solar + electrical)	1	U

M200 Ti

200 liters hot water solar system closed thermo siphon type **Triple energy**

ITEM	DESCRIPTION	Nb.	UNITE
	Thermo siphon with FP1/Ti flat plate collectors		
1	Solar panel model FP (copper pipes with copper sheets, selective coating , ultrasonic welding, tempered glass, aluminum frame, aluminum back sheet, fiberglass insulation) factory tested. Dim 860*2000*75mm	2	U
	Supports & accessories		
1	Galvanized steel support for solar panel + accessories	2	U
	Tanks		
1	200 liters Hot water tank horizontal type, , polyurethane insulation with external powder painted casing, triple energy model (solar+fuel+electrical)	1	U

M300 Ti

300 liters hot water solar system closed thermo siphon **bi-energy**

ITEM	DESCRIPTION	Nb.	UNITE
	Thermo siphon with FP1/Ti flat plate collectors		
1	Solar panel model FP (copper pipes with copper sheets, selective coating , ultrasonic welding, tempered glass, aluminum frame, aluminum back sheet, fiberglass insulation) factory tested. Dim 860*2000*75mm	3	U
	Supports & accessories		
1	Galvanized steel support for solar panel + accessories	3	U
	Tanks		
1	300 liters Hot water tank horizontal type, , polyurethane insulation with external powder painted casing, bi- energy model (solar + electrical)	1	U

M300 Ti

300 liters hot water solar system closed thermo siphon type **Triple energy**
