

MLP 200

200 liters hot water solar system **non pressurized** open loop thermo siphon **bi-energy**

ITEM	DESCRIPTION	Nb.	UNITE
	<u>Thermo siphon with vacuum tubes solar collectors</u>		
	<u>Complete Kit</u>		
1	20 Vacuum tubes type 47/37-1500mm	1	set
1	Aluminum support for panel and tank on roof.	1	set
1	Hot water tank horizontal type, open system, bi-energy (solar+electrical) inner tank and outer jacket in stainless steel	1	U
	1500 w 220 v Electric heating rod.	1	U

MLP 250

250 liters hot water solar system **non pressurized** open loop thermo siphon **bi-energy**

ITEM	DESCRIPTION	Nb.	UNITE
	<u>Thermo siphon with vacuum tubes solar collectors</u>		
	<u>Complete Kit</u>		
1	24 Vacuum tubes type47/37-1500mm	1	set
1	Aluminum support for panel and tank on roof.	1	set
1	Hot water tank horizontal type, open system, bi-energy (solar+electrical) inner tank and outer jacket in stainless steel	1	U
	1500 w 220 v Electric heating rod.	1	U

MLP 300

300 liters hot water solar system **non pressurized** open loop thermo siphon **bi-energy**

ITEM	DESCRIPTION	Nb.	UNITE
	<u>Thermo siphon with vacuum tubes solar collectors</u>		
	<u>Complete Kit</u>		
1	30 Vacuum tubes type47/37-1500mm	1	set
1	Aluminum support for panel and tank on roof.	1	set
1	Hot water tank horizontal type, open system, bi-energy (solar+electrical) inner tank and outer jacket in stainless steel	1	U
	1500 w 220 v Electric heating rod.	1	U
